

Specifications

The Freja 50 Side floor drain has a 50mm side outlet and a low total height of 99mm. It is suitable for installation in wooden or concrete joists. The Freja floor drain comes complete with a removable water trap, clamping ring and plastic grate. It also comes with a protective cover that is intended to prevent any concrete or debris from installation from entering the drain. The floor drain is manufactured in weldable PEH plastic.

The automatic clamping ring is used for both sealing membrane and vinyl flooring. It is a self-adjusting clamping ring for vinyl flooring with a thickness of 1,5 mm to 2 mm.
