

## Item 8570241

The PUM vertical waste outlet is a combination of a vertical waste and a water trap for wash basins with G40 connections. This outlet fits older models of wash basins and urinals. The odour barrier (membrane) is integrated in the vertical waste and is positioned under the lid, which can easily be lifted up for in situ cleaning and maintenance. The vertical waste replaces the usual cup-style water trap, saving space underneath the wash basin. It can be combined with floor and wall outlet kits which do not have a conventional water trap.

## Specifications

<b>Item Number</b>	8570241
<b>Dimension</b>	G40
<b>Function</b>	For wash trough, wash basin and urinal
<b>Item Color</b>	Chrome
<b>Material</b>	PP, EPDM, Stainless steel 1.4301, Silicone
<b>Pressure Flow Temp</b>	0,6 l/s
<b>Surface</b>	Polish
<b>Version</b>	Odour trap
